A Suggestion

Before using a directory anywhere,
look to see if it is the latest edition.

Do not burden your mind

by trying to remember everything, but rather condense the knowledge you have.

Remember only

that the Directory is your ready reference giving the index to your city, its inhabitants and its business. It tells you where to buy and sell your goods, and in the advertising section, will be found the cards of the more progressive manufacturers and dealers giving a descriptive idea of their line.
